

# Tips to prevent and survive burnout: I went through burnout, so you don't have to

•••

Jason Hibbets  
Community Director, Digital Communities team, Red Hat

# A perfect storm (of stress)

# The breaking point

# Crumbling under the pressure

# Losing motivation and passion

# Diagnosis: Severe anxiety

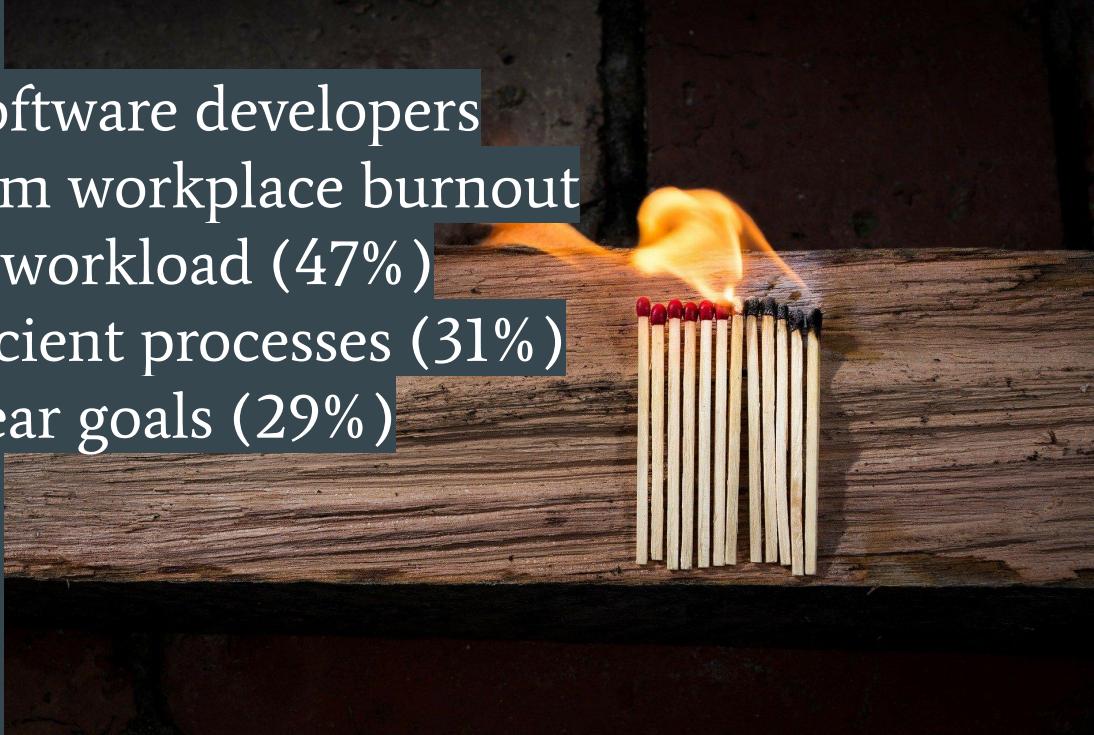

# Burnout: A real threat to open source & tech communities

# Burnout: A real threat to open source & tech communities

- 83% of software developers suffer from workplace burnout
  - High workload (47%)
  - Inefficient processes (31%)
  - Unclear goals (29%)

# Burnout starts with passion

# Balance work with: Recognition, rewards, and relaxation

# #1 - Know the signs of burnout

I'm working so hard!

# Ask yourself...

- Do you drag yourself to work?
- Do you have trouble getting started with work?
- Are you cynical or critical at work?
- Have you become irritable or impatient with co-workers or customers?
- Do you lack energy to be productive?
- Do you find it hard to concentrate?
- Do you lack satisfaction from your achievements?
- Do you feel disillusioned about your work?
- Are you using food, drugs or alcohol to feel better or to simply not feel?
- Have your sleep habits changed?
- Are you troubled by unexplained headaches, stomach or bowel problems, or other physical complaints?

# Consequences of burnout

- Chronic fatigue
- Insomnia
- Forgetfulness
- Increased illness
- Loss of appetite
- Anxiety
- Anger
- Loss of interest
- Separation from people

## #2 - Preventing burnout: Unplug

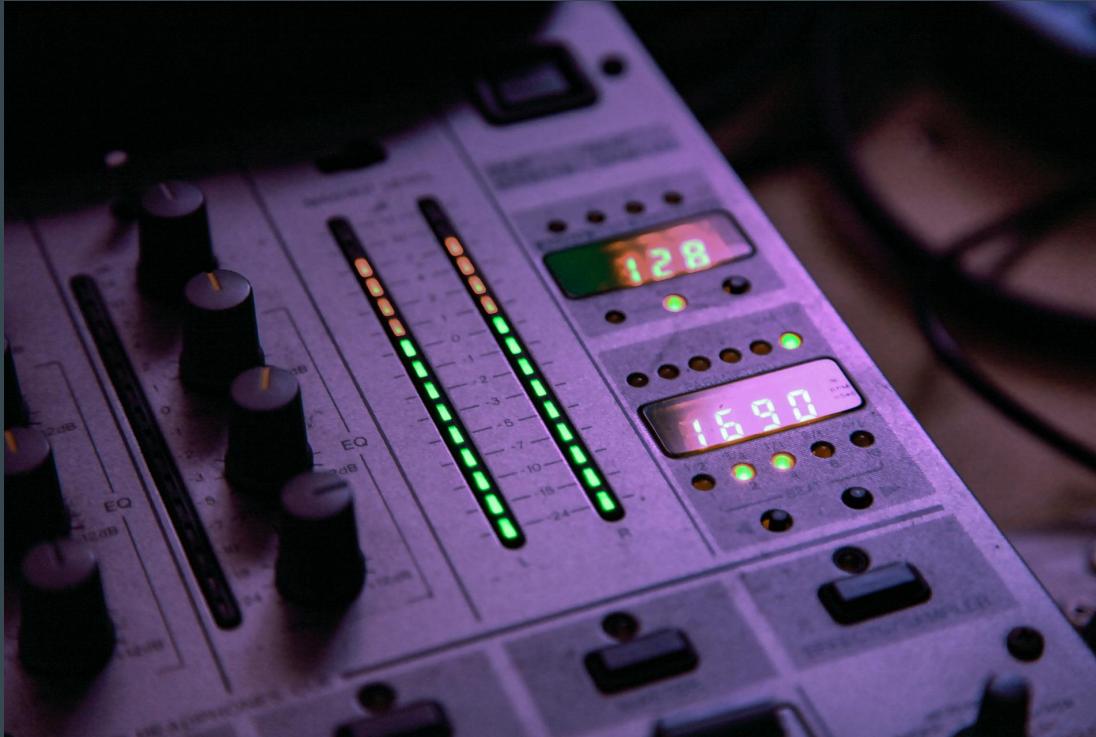

# #2 - Preventing burnout: Unplug and completely escape

# #3 - Preventing burnout: Avoid the “always on” feeling

# #3 - Preventing burnout: Avoid the “always on” feeling

# #4 - Preventing burnout: Set limits and share them

## #4 - Preventing burnout: Set limits and share them

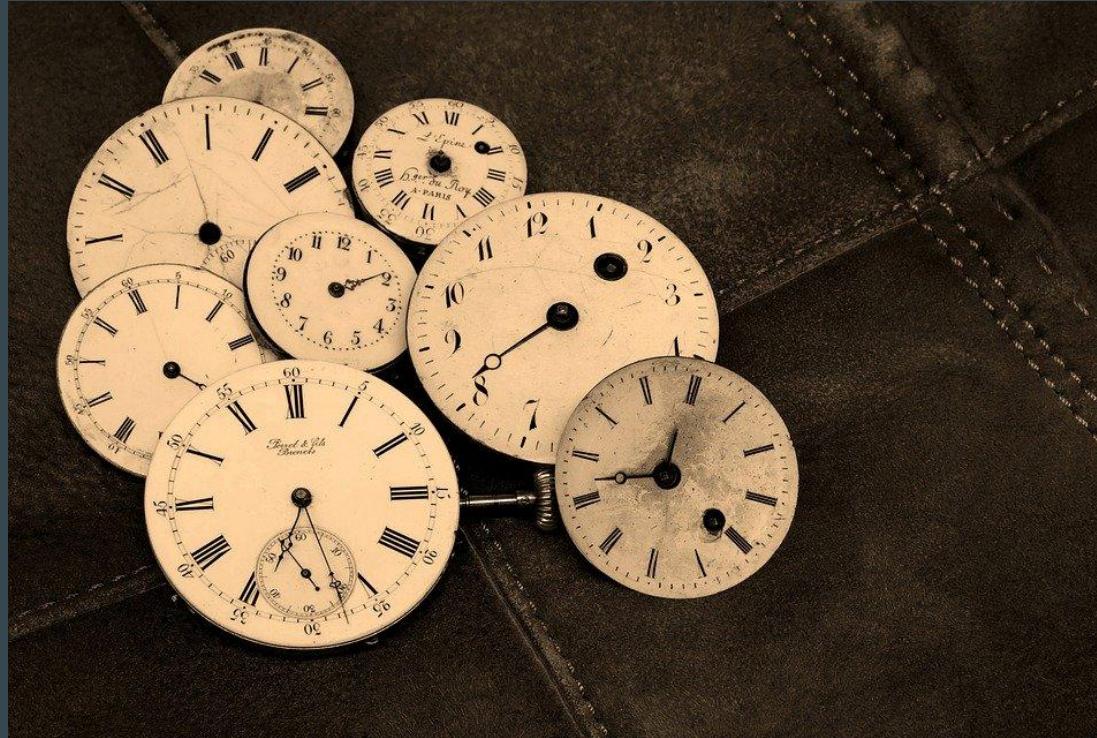

# #5 - Preventing burnout: Flexible work schedule

# #5 - Preventing burnout: Flexible work schedule

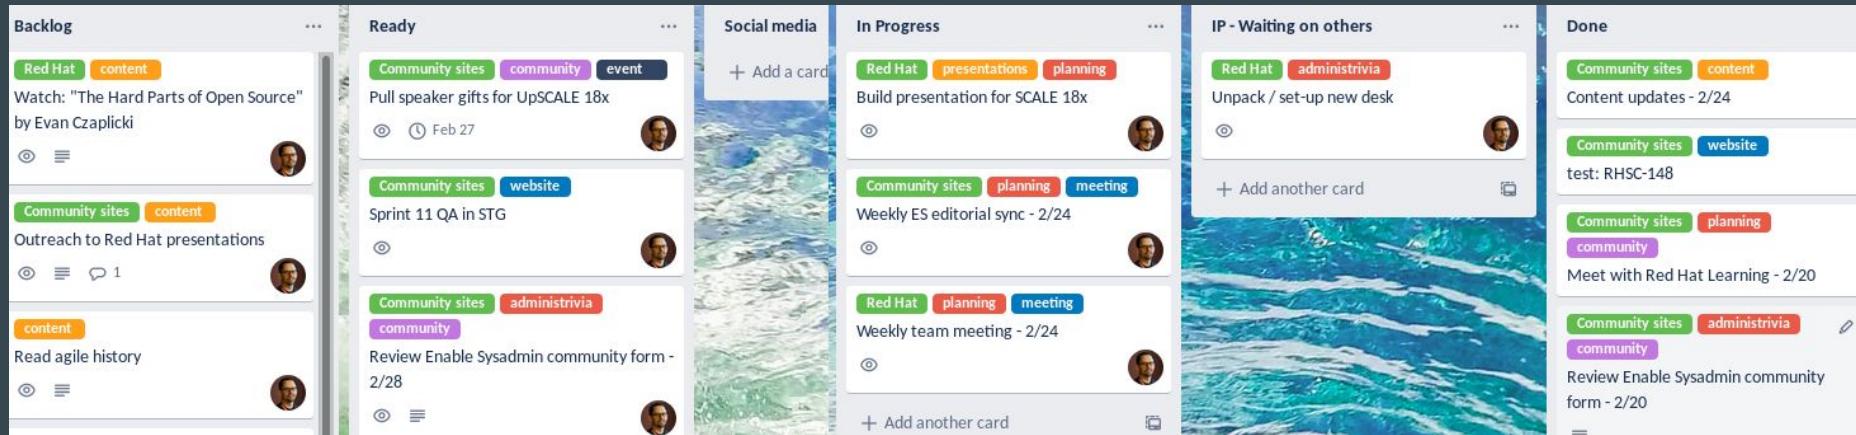

# #6 - Preventing burnout: Be aware of how you spend time

# #7 - Preventing burnout: Avoid unplanned work

# #7 - Preventing burnout: Turn unplanned work into planned work
